## Agenda

1. Agenda for AGM
2. Agenda for Open Forum
3. Future Worlds and Europeans
4. AOB

## Minutes

### 1. Agenda for AGM and open forum

- Rule 25 (AOB) Change or abandon rule 25 (only in Worlds or Continentals – why not in nationals?). (Heather: This should be in guidelines for the organization of Worlds – Cormac and Heather will look into this)
- Reports: African report is missing; USA is problematic – split fleet. Reports to be summarized for AGM.
- Geelong –How many containers can be expected? Would boat sharing be an option? Only one or two containers from abroad wouldn't make for a World championship.
- Looking for new Executive members.

### 2. Agenda for Open Forum

- Sound people's minds about Geelong sharing option.
- Discuss future Europeans and Worlds
- What is a classic boat?
- Looking for new Executive members

### 3. Future Worlds and Europeans

- No NCA has come forward. A lot of sailors nowadays want to have a family holiday location.
- Location is important, but also an enthusiastic NCA. Possibly Croatia, in conjunction with the Czechs?
- There are only European and Australian championships, the other continents don't seem to have anything planned.

### 4. AOB

- Stickers and cards: Southern hemisphere get theirs in the middle of the season. Solution: Southern hemisphere NGAs send estimated numbers, pay up later; stickers are valid until June of following year; put information about validity on the website.

End of meeting: 18:50 local time
